

# Trouble-Shooting

---

This section is still under development.

We expect to have a preliminary version prepared by the end of May 2009. However, this section will almost certainly continue to change as questions arise from the experience of PEPbase users. Look for continuing updates.

Eventually (as of the end of Summer 2009, we hope), the best place to check out information in this area will be on the PEP web site, [www.zionmadison.org/Personal\\_Essentials\\_Pantry.html](http://www.zionmadison.org/Personal_Essentials_Pantry.html)

In the meantime, any questions should be directed to:
